

**** Special Event Dj - Disco, Nu-Disco, Funky & Boogie****

"Alex Sedano aka Sedanosaurio is a special events deejay. Nostalgic of the retro culture of the 70's and 80's, he has a special relationship with dinosaurs, Hawaiian shirts and disco music.

He is a resident of some of the most emblematic places in Madrid and Ibiza and a contributor to a radio station on the island. If you are lucky enough to see a T-Rex in the booth, fasten your belt tight and get ready to dance."
